Cruising

JULY CRUISE IN COMPANY TO FOWEY - 19th -20th JULY

A section of the mid stream pontoons in Fowey has been reserved for St Mawes Sailing Club Boats overnight on 19th/20th July and the plan is to have supper ashore at a suitable bistro on the evening of 19th. In order to assist planning and booking of both berths and bistro it would be very useful to have good notice of those members who are planning to take part and their yachts names. Please could all participants also ensure they have filled in the requisite annual indemnity form in the SC Office. Could all those wishing to take part inform me, Christopher Durnford on either fizzandmo@gmail.com or tel no 01326270446.

Junior Sail Training

Thank you to all those that have contributed to the purchase of a defibrillator for Stoneworks. We would welcome further donations.

The Spring Series of coaching and racing ends on 6th July with a mini regatta. A very successful term with an average of 30 junior sailors on the water each Saturday.

Our schools programme sees another 40+ sailors afloat each week.

We plan to attend the Helford Regatta on 27th July following a very successful trip to Loe Beach Regatta on 1st June with 14 boats and 24 sailors winning a few pots.

The week long courses are well booked earning useful income for the club. We are on target for getting 286 sailors afloat this year through our various activities.

Good luck to the several St Mawes sailors competing in the RS Feva World Championships in Follonica, Italy on 20-26th July (197 entries) and the Inland Championships at Rutland Water on 29-30th June.
