Catering: Please make all bookings via email to stm-sc-bar@live.co.uk

Thursday 26th – Steak Pie and vegetables

Yearbook 2017 - Membership Directory

Before Christmas the Yearbook editor sent every Club member for whom he has an email address in the 2017 Yearbook a proof of their entry showing family details, contact numbers, their addresses and the boats they own. While many members have replied and their details have been updated there are many who have not yet replied. Please check your mailbox, including your spam folder, to see if you have a message waiting from Mike Garside. If you have not received an email from Mike, and believe you should have, email MVGarside@aol.com and request a proof.

Junior Sail Training Courses

Bookings can now be made via the web site. Go to [this link](#) and after selecting the course (and reading the notes to parents) click the bookings link at the bottom of that page.

Adult Training

We are looking for someone to coordinate and promote the Adult Training. These sessions are held during term-time on days when the Training manager, Bob Hindmarsh, has an after school club for St Mawes and Roseland Schools. Timings can be altered to suit the group. For example, the first year we ran adult courses, they had a longer session but stopped for a picnic lunch on the beach before finishing in time for the afternoon school run. Anyone interested please contact [Mark Osborn](#).

Saturday 21st Free Course/Talk on Local Weather Patterns led by Simon Rowell from 14.00hrs -18.00hrs in the Club. An informal, informative study session.

Course to include:-

- * Lows and Highs. How they work and what to expect.
- * Local Effects- sea breezes, convergence and divergence
- * How to make a quick forecast before going afloat.

Please let Delia Hazell know if you intend to come. delia@hazell-uk.com 01326 270707
