

St Mawes Sailing Club
1, The Quay, St Mawes, Cornwall TR2 5DG

2019 – Application for Quay Space

Please return by 31th December 2018 to the QUAY SECRETARY at the above address.

Applications will be dealt with in date order.

Please advise if your boat/engine is only to be used over limited periods of the year so that spaces can be allocated most efficiently as demand continues to exceed availability. The Quay Secretary reserves the right to alter allocations to make the best use of the available spaces.

(CAPITALS PLEASE) Name and initials.....

Address.....

.....

Contact number.....Email:.....

I confirm:

- I have read, understood and will comply with the Quay Byelaws (as overleaf, and in St Mawes Sailing Club Yearbook);
- My boats and/or engines kept on Stoneworks are insured against third party liability underwritten by an ABI member or Lloyds of London.

Signature.....Date.....

I request space from..... to.....OR, for the season (01/04-31/10).....

Space type	Weekly rate	Season rate	Boat type; rigid/inflatable. Length, Width, trolley? Boat and/or engine serial/sail number. Engine make and HP	Dues
Pram rack	£15	£45		
Inflatable rack	£15	£55	SEE ADDITIONAL NOTES	
Laser/Pico rack	£20	£60		
8ft space	£30	£60		
10ft space	£30	£75		
12ft space	£30	£80		
14ft space	£30	£90		
16ft space	£30	£100		
Outboard up to 5hp	£15	£70		
Quay outhaul	Max 15ft including outboard	£110		
Foreshore outhaul		£95		
Total				

Notification of any allocation will not be sent until February 2019. **Please include a cheque (payable to St Mawes Sailing Club) with your application. Applications will be invalid if incomplete or without payment.** It is the applicant's sole responsibility to ensure completed forms are received by St Mawes Sailing Club.

Allocations for Quay space/outhauls/engines may be withdrawn if used incorrectly.

quaysec@stmawessailing.co.uk

Additional notes

We have some spaces reserved as temporary spaces and we request that you apply for one of these if you are intending to keep your boat on the Quay for a limited period (say two or three weeks). This has worked well for those who have used this system over the last couple of years and it enables more regular users to benefit from permanent spaces.

If you have an inflatable tender and an engine, please ensure you apply for **both** a

tender space and an engine space – horizontal spaces are very limited so it is **not** possible to accommodate tenders with engines attached.

If your inflatable is not a true inflatable but has a rigid glass fibre v-shaped hull it will not fit into a vertical space. Please ensure you specify (on the application form) if your tender has a rigid glass fibre v-shaped hull so we can seek to allocate accordingly.

Thank you.

Members and their visitors use the club premises and all the facilities entirely at their own risk. Neither the Club, nor its Officers accept responsibility for any injury, damage or loss howsoever caused.

Applications:

- Applications by Members for storage of boats/engines/outhauls for the following year should be made no later than 30th November.
- An application form is available on the StMSC website for Members to complete and return to the Quay Secretary.
- Short term storage may be possible and must be arranged through the Quay Secretary.

Members to whom spaces are allocated are required to;

- clearly display a numbered sticker for the current year.
- ensure their boat/engine is stored in the space allocated to them by the Quay Secretary.

The sub-letting of quay spaces and outhauls is not permitted.

Any boat/engine left on the Quay without authorisation, or not displaying a current valid numbered sticker, will be subject to additional charges (and may be removed/impounded).

In line with the General Rules and the objective of the club to encourage amateur sailing, it will not be acceptable for those members who have been allocated spaces on the quay or granted use of an outhaul or club mooring to use these for boats involved in any commercial activity. Such use will result in the allocation being withdrawn with immediate effect.

Security

- Although numbered stickers are issued to Members who store their boats/engines on the Quay it is advised that further security marks are applied to deter thieves and improve identification.
- Entry to the engine shed is by tag which is issued to those Members who have been allocated an engine space.
- Replacement tags may be purchased for £5 from the StMSC office.
- As security is paramount, the engine shed and toilets are automatically alarmed, and are locked during the hours of darkness.
- CCTV is in operation on Stoneworks Quay.
- Regular security patrols of the river are carried out by PRML. Any incidents or suspicious behaviour should be reported to the police on 08452 777 444.

- It is strongly recommended that boats and/or engines are removed from the Quay and Quay building over the winter period to reduce the risk of damage and theft.
- All boats and engines kept on Stoneworks Quay and outhauls must be fully insured for both their value and third party risks. In completing an application form the applicant confirms that such cover is in place.

Quay spaces

Members of StMSC who are allocated a space may place boats on the Club Quay, and outboards in the shed, subject to the following rules which are intended to be of general benefit to all Members:

- Any Member wishing to use a boat space, engine space or outhaul will be required to make an application using the Quay space application form available on the StMSC website.
- The space applied for must be long enough for the boat (or combined boat and trolley if the boat is to be kept on one).
- Priority for spaces will be given to those Members who:
 - i. submit their request by the required date.
 - ii. make regular use of their engine/boat/outhaul.
- There is no guarantee that a Member will be allocated the same space every year.
- The boat/outboard must be stowed correctly in the allocated space.
- The boat or outboard must clearly display a current adhesive label as provided by the Quay Secretary.
- In the case where a boat is replaced during the season with one of a different length, the Quay Secretary must be informed so an appropriate space can be allocated (if available).
- Trolleys and dinghies must not be left on the slipways at any time. Please return trolleys to the allocated space.
- Payment for an allocated space or outhaul for a season includes storage over the winter up to 31st March of the following year. However it is recommended that, if possible, boats and engines are removed from the Quay over the winter to minimise theft and damage.
- Masts must be taken down during the winter months.
- Boats without an allocated space for the season may NOT be stored on the quay during the winter months except with the prior authorisation of the Quay Secretary.

If any of these conditions are not complied with, the Club reserves the right to remove the boat and/or outboard to an alternative storage at the sole risk and expense of the owner.

Such craft or equipment remaining unclaimed for a period of six months may, after due notice displayed on the Quay notice board, be disposed of and the proceeds retained for the benefit of the club.

2. Outhauls

- Any Member wishing to use an outhaul will be required to make an application using the Quay space application form available on the StMSC website.
- Outhauls must be of non-floating rope. For Quay outhauls, the gear must be fitted so that the lines lie along the beach or seabed.
- The seaward fixing must not protrude upwards to cause danger to craft using the river.
- Boats must be moored on their allocated outhauls in such a way as to cause no interference or damage to other outhauls or boats.
- Only one boat is permitted per outhaul and the length of that boat including outboard in the raised position **must not exceed 15 feet**.
- Any exposed propeller must be covered so as to prevent damage to other boats, and to fall in line with PRML practice.

- The seaward fixing of the outhaul **must not** encroach onto the fundus of the river (i.e. it must not be located below the mean low water mark (42 and 31 yards from the south and north end of the quay respectively or 55 yards from the top of the rocks at the top of the foreshore north of the quay.)

All those allocated an outhaul must comply with the above at all times to ensure that use of the outhaul does not conflict with other users of the river.

If a boat/engine is sold, the space/outhaul used does **NOT** automatically transfer to the new owner. The new owner **MUST** apply in the normal manner and the vendor **MUST** notify the Quay Secretary.

Fire extinguishers, medical boxes and fire doors are to be left unobstructed at all times. If an extinguisher or medical box is used, please report to the Quay Secretary so that replacement can be effected.

Any theft or damage to the Club or Club Members' equipment must be reported to the police as soon as possible. Please also inform the Quay Secretary or any other Club officer.

Dogs are only permitted on Stoneworks Quay if kept on a short lead and under the close control of their owner.

All Members using the Quay are asked to take appropriate measures to ensure the safety and security of their equipment.
