

Bulletin February 2018

Stoneworks Quay: Despite the current gloomy days, preparations for the season are already underway on Stoneworks with RIBs to antifoul and other Club boats to launch.

The Quay has withstood many storms this winter and is in need of your help to Spring clean it so we can all enjoy boating from it over the summer. Quay cleaning will be on Saturday 24th March to avoid clashing with the pre-season training. So JST course attenders, Feva sailors, Laser Squad, adult quay users and anyone else who uses the quay please put the date in your diary, and we look forward to seeing you there!
